

Details

The Titan team takes pride in delivering the most intricate designs and details.

Design Build

Titan professionals pull from several decades of building experience to provide unparalleled design build capability.

If it can be conceived,
Titan Homes can build it.

Unsure what exactly you want, but know that you desire change?

The Titan team can work with you from beginning (initial job walk) to completion carefully listening to your thoughts & ideas. The Titan team will create computerized renditions, work with architects, engineers, or whatever the plans call for to create detailed plans with options for you to choose from. Once the concept is approved then the Titan team will immediately create a timeline and construction schedule for you to plan your life in conjunction to your project.

Our specialists take the utmost care and attention to detail to timely deliver custom homes, remodeling job of any kind and some repair work.

Building to vision, Designing to perfection, Creating custom homes and

Titan Homes was created in January of 2012 as a division of Titan Development Group, LLC to provide western Pennsylvanian residents an integral option to their building needs. TDG currently completed a job as the prime contractor in Oakland, PA at the Veteran's Hospital. A complex job entailing preparing an existing structure for a multi-story addition while working around hospital hours, rules, and compliant with ICRA specifications. TDG partnered with perennial ENR top 100 contractor PJ Dick (www.pjdick.com). TDG has entered into negotiations with other commercial construction jobs locally while establishing the division Titan Homes. Titan Homes will leverage our

professional's excellent reputation and building capabilities to provide the residential homeowner a great builder, friend and option.

Lew Knopp has formed his team mirroring the same integrity and work ethic found in the elite Navy SEAL Teams. The Titan team is honest, hardworking and highly skilled.
